

Sofi Beez is one of the fast growing Companies in honey and producers of food supplements based on bee products and other natural products.

By offering natural, quality and safe products, we are contributing to a healthier life for our customers, to be the leading and the biggest supplier of honey and natural food supplements in Slovenia, to also become one of the most important suppliers in Central Europe.

Our products main ingredients and active components, are standardized and controlled with the highest quality.

Royal jelly - the most precious gift from the beehive - is a naturally balanced and rich complex of nutrients that: Boosts your immunity.

The most important component of royal jelly is unsaturated fatty acid 10 HDA (10-hydroxy-2-decenoic acid) found exclusively in royal jelly. Due to its complex structure, it cannot be reproduced in a laboratory. The uniqueness of royal jelly in the bee world is exactly in the 10 HDA, which is an important criterion of its quality.

Collagen is the most abundant structural protein that makes up the structure of your cells and tissues.

Collagen has a lot of benefits: Potential skin benefits , Potential bone benefits.

Our products are available in different forms: syrups, phials, tablets, pastilles, pastes, drops, sprays, creams.

PRODUCTS

MANUKA HONEY

Sofi Beez Honey is proudly sourced from some of the most unpolluted and isolated areas of New Zealand. Mānuka Honey is world renowned for its unique properties and we take great pleasure in supplying Honey that is great in taste, texture and is also UMF™ rated and MG tested at a certified

New Zealand laboratory to guarantee exceptional quality.
